

Business Administration

Course Number: **BUAD 461**

Course Title: **APPLIED CORPORATE FINANCE**

Credits: 3

Calendar Description: This course uses the case method to build on concepts learned in earlier finance courses by applying those concepts to specific finance problems in a real business setting. Through the discussion of key concepts such as cost of capital, capital

Professors

Name	Phone	Office	Email
Derek Cook	250-762-5445 #4626	Kelowna: C135	dcook@okanagan.bc.ca

Learning Outcomes:

Upon completion of this course, students will be able to:

1. Complete complex financial analyses, including calculation of appropriate ratios and preparation of common size statements, related to assigned case scenarios dealing with adequacy of working capital, sustainable growth, reasonability of sales forecasts and similar topics.
2. Calculate the cost of capital for both private and public corporations using data from cases and from publicly available financial reports in orderrom

Required Texts/Resources

Buad461 Course Pack – Applied Corporate Finance
Business Valuation Demystified – Edward Nelling – McGraw Hill

RECOMMENDED SUPPLEMENTARY TEXT:

Foundations of Financial Management, any Canadian Edition, Block, Hirt & Short (Text from Buad195/296). (Past students have found it useful to keep their Block text from Buad195/296 to review concepts as necessary. However, it is not necessary to buy this text if you don't have a copy – the required texts will be sufficient)

OTHER REQUIREMENTS:

A financial calculator will be required for every class – Texas Instruments BAII+ recommended

Cases frequently require analysis using a spreadsheet program such as Excel and students will be expected to use laptops/tablets in class from time to time to work on Excel files.

SKILLS ACROSS THE BUSINESS CURRICULUM

The Okanagan School of Business promotes core skills across the curriculum. These skills include reading, written and oral communications, computers, small business, and academic standards of ethics, honesty and integrity.

STUDENT CONDUCT AND ACADEMIC HONESTY

What is the Disruption of Instructional Activities?

At Okanagan College (OC), disruption of instructional activities includes student “conduct which interferes with examinations, lectures, seminars, tutorials, group meetings, other related activities, and with students using the study facilities of OC”, as well as conduct that leads to property damage, assault, discrimination, harassment and fraud. Penalties for disruption of instructional activities include a range of sanctions from a warning and/or a failing grade on an assignment, examination or course to suspension from OC.

What is Cheating?

“Cheating includes but is not limited to dishonest or attempted dishonest conduct during tests or examinations in which the use is made of books, notes, diagrams or other aids excluding those authorized by the examiner. It includes communicating with others for the purpose of obtaining information, copying from the work of others and purposely exposing or conveying information to other students who are taking the test or examination.”

Students must submit independently written work. Students may not write joint or collaborative assignments with other students unless the instructor approves it in advance as a group/team project. Students who share their work with other students are equally involved in cheating.

What is Plagiarism?

Plagiarism is defined as “the presentation of another person’s work or ideas without proper or complete acknowledgement.” It is the serious academic offence of reproducing someone else’s work, including words, ideas and media, without permission for course credit towards a certificate, diploma, degree and/or professional designation. The defining characteristic is that the work is not yours.

“Intentional plagiarism is the deliberate presentation of another’s work or ideas as one’s own.” Intentional plagiarism can be a copy of material from a journal article, a book chapter, data from the Internet, another student, work submitted for credit in another course or from other sources.

“Unintentional plagiarism is the inadvertent presentation of another’s work or ideas without proper acknowledgement
