

Education Council Motions Carried
December 1, 2022

Education Council met on December 1, 2022

3. LSEC 213 The Law of Torts

Proposal Rationale

This course is part of the Paralegal Diploma Program.

4. LSEC 214 Contract Law

Proposal Rationale

This course is part of the Paralegal Diploma Program.

5. LSEC 215 The Law of Evidence

Proposal Rationale

17. ICSW 122 Group Facilitation

Proposal Rationale

Continuing Studies and Corporate Training has been offering the Aboriginal Community Support Worker Certificate since 2017. This proposal is to change the references of Aboriginal to Indigenous. These changes better align with the institutional identification and Indigenization direction. This curriculum, program outlines and learning outcomes are not being significantly altered. Slight grammatical changes may be included, but no change to intent or outcomes of the course.

18. ICSW 123 Motivational Interviewing

Proposal Rationale

Continuing Studies and Corporate Training has been offering the Aboriginal Community Support Worker Certificate since 2017. This proposal is to change the references of Aboriginal to Indigenous. These changes better align with the institutional identification and Indigenization direction. This curriculum, program outlines and learning outcomes are not being significantly altered. Slight grammatical changes may be included, but no change to intent or outcomes of the course.

19. ICSW 124 Workshops

Proposal Rationale

Continuing Studies and Corporate Training has been offering the Aboriginal Community Support Worker Certificate since 2017. This proposal is to change the references of Aboriginal to Indigenous. These changes better align with the institutional identification and Indigenization direction. This curriculum, program outlines and learning outcomes are not being significantly altered. Slight grammatical changes may be included, but no change to intent or outcomes of the course.

20. ICSW 125 Practicum

Proposal Rationale

Continuing Studies and Corporate Training has been offering the Aboriginal Community Support Worker Certificate since 2017. This proposal is to change the references of Aboriginal to Indigenous. These changes better align with the institutional identification and Indigenization direction. This curriculum, program outlines and learning outcomes are not being significantly altered. Slight grammatical changes may be included, but no change to intent or outcomes of the course.

Science & Technology

New courses:

1. DSCI 491 Data Science Research Project

Proposal Rationale

This course is required for the proposed Post Baccalaureate Diploma in Data Analytics and Economics.

2. Post Baccalaureate Diploma in Data Analytics and Economics

Proposal Rationale

This proposal introduces a new 2-year post-baccalaureate diploma in Data Science and Economics for graduates interested in increasing their knowledge in Data Science as it relates to Economics. The diploma features courses aimed at equipping students with current data science and statistical techniques appropriate for all disciplines with applications aimed at economics.

Term one of this program sets the mathematical and statistical foundation for higher level learning in the economic and data science areas. In subsequent terms, students build on and apply these foundational skills to a diverse set of areas. While many of the applications have an economic focus, the mathematical, statistical, and data science concepts learned are universally applicable to a wide range of disciplines.

Revised program:

1. Health Science Option: Kinesiology Diploma

Proposal Rationale

As of September 2024, all Kinesiology students transferring to the Clinical Exercise Physiology (CEP) stream at UBCO will be required to have completed BIOL 260 (Pathophysiology for Health Sciences). They will not be able to obtain third year standing without this course. To maintain our transfer agreement with UBCO, we are proposing that BIOL 260 be added as an HKIN elective course for those students. We have consulted with the Biology department to have this course offered as a service course to our Kinesiology students. It is expected that approximately 3-10 HKIN students would take this course per year.

Academic Schedules

1. Change to Distance Education Winter 2023 Schedule
